**TO WHOM IT MAY CONCERN**

**DIRECTORY OF ENVIRONMENT SERVICES MALAYSIA 2004-2005  
(FOURTH EDITION)**

With the success of the previous three issues of the **Directory of Environment Services Malaysia 1998, 1999 and 2002-2003**, we are now preparing to publish the **Fourth** edition. Future issues will be published once every two years.

As an environmental related company, we would like to invite your organisation to list in this Directory. In anticipation that you may be interested in listing in the 2001 Directory, we take the liberty of enclosing a set of the Application Form for your kind attention.

The completed Application Form must reach AECCOM by **30th August 2004** together with a processing fee of RM100 (non-refundable) made payable to “**AECCOM**”.

The 1999 Directory is also available for purchase from the Secretariat at RM50.00 (self-collect) or RM60.00 (courier to you).

Please do not hesitate to contact the Secretariat should further information be required.

We look forward to your favourable reply and support.

Yours faithfully  
for **ASSOCIATION OF ENVIRONMENTALCONSULTANTS  
AND CONTRACTORS OF MALAYSIA (AECCOM)**

## **LISTING CRITERIA FOR DIRECTORY OF ENVIRONMENT SERVICES MALAYSIA**

The following represent criteria, set jointly by the Department of Environment and AECCOM, for the listing of companies and institutions in the Directory and in the respective categories provided:

### **COMMON CRITERIA** applicable to all categories

1. The minimum paid-up capital shall be RM25,000.00.
2. Applicants shall possess a good record of fulfilling their contractual obligations. The applicant or their key personnel shall not have been convicted for any offence under the Environmental Regulation Act or Local Government Act or breached their contractual obligations without good reason.

### **CRITERIA for CONSULTANTS**

1. Applicants shall furnish a list of projects completed and approved by Jabatan Alam Sekitar or other relevant agencies. Details of the projects such as description, capacity, owner, consulting engineer, year completed, name and address shall be included.

Successful installation and completion of projects shall be necessary conditions for approval.

2. A minimum of three years' experience and at least three approved projects by Jabatan Alam Sekitar or the relevant agencies for each category applied for.
3. Key personnel must have professional qualifications relevant to the field applied for.
4. In the case of Consultants in the Wastewater, Sewage and Air Pollution categories, the applicant must have a full time employee or Director with "Professional Engineer" (PE) qualifications from the Board of Engineers, Malaysia.
5. For EIA Consultants, the applicant must be registered with Jabatan Alam Sekitar.

### **CRITERIA for CONTRACTORS**

1. Applicants must furnish a list of projects completed and approved by Jabatan Alam Sekitar or other relevant agencies; providing for each project, details such as description, capacity, owner, consulting engineer, year completed, name and address.

Successful installation and completion of projects shall be necessary conditions for approval.

2. Key personnel must possess:-

(a) (I) Professional qualifications in the field concerned and be recognised by relevant approved professional body.

Or (II) Five years' experience as a Contractor in environmental engineering.

AND

(b) Have successfully completed at least five approved projects by Jabatan Alam Sekitar.

3. For Sewage Contractors, applicants shall be registered with Kementerian Perumahan dan Kerajaan Tempatan (KPKT) and be licensed accordingly.

**CRITERIA for EQUIPMENT SUPPLIERS**

1. Applicants shall submit evidence of their capabilities as a supplier of equipment in the respective environmental activities by way of agency representation letters or other acceptable documents.
2. Applicants shall furnish evidence that they are capable of providing adequate after-sales service for the equipment concerned.

**CRITERIA for LABORATORY AND TESTING SERVICES**

1. Applicants shall have their own in-house laboratories with the appropriate SIRIM accreditation.
2. For non-SIRIM accredited tests, applicants shall have adequate in-house laboratory testing facilities.

**CRITERIA for ENVIRONMENTAL MONITORING**

1. Applicants shall have a minimum of two years' professional experience in Environmental Monitoring.
2. Key personnel must possess professional qualifications or be officially certified as competent in the field concerned.

**CRITERIA for RESEARCH AND DEVELOPMENT**

Applicants shall be an institution, fully equipped and organised for research and development in the relevant environmental activity concerned.
